B Model Registry

8th Edition

July 2007

Many thanks to all who have taken the time to register their trucks and those who have helped with this project. A little over 2,000 trucks are listed in this years edition. With total production over 128,000, this job still is not finished. Please continue to encourage other owners to register their Bs - dead or alive, rusty or shiny, complete or in pieces.

Send name, address, phone, email with serial number from outside of right frame rail (behind front axle and just in front of rear hanger for front spring), year of manufacture and cab style to:

This page was left blank so you will

Read this notice

or you won't understand how this thing works

Owners of one truck will be listed under the serial number of their truck.

Owners of multiple trucks will have a number under the serial number of each truck they own. Refer to the following 8 pages for names.

All the mistakes you can find in this registry were free so quit complaining! Just let me know so I can correct.
Thanks
